

FEES, CHARGES AND REFUNDS

V18. January 2026

Fees, Charges and Refunds

The purpose of this policy is to outline McDonald's Australia RTO's approach to the management of fees, charges, and refunds. This policy ensures transparency, fairness, and compliance with the *Standards for RTOs and Australian Consumer Law*.

This policy applies to all prospective and current students, as well as personnel involved in the administration of fees, charges, and refunds for courses delivered by McDonald's Australia RTO. It includes all payment types, schedules, and refund processes for courses on the organisation's Scope of Registration. McDonald's Australia RTO is committed to providing clear and accurate information about fees, charges, and refund conditions to students and stakeholders. The organisation will maintain a fair and transparent process for managing payments and refunds while complying with regulatory and legal requirements.

McDonald's Australia RTO undertakes to provide course services as outlined in the Course Fees Agreement including a statement of fees.

Rationale

Ensuring transparency and fairness in financial arrangements is fundamental to fostering trust and accessibility in education and training. Clear communication of costs, payment structures, and refund processes allows students to make informed financial decisions before committing to a course. By outlining structured payment options, eligibility for funding or subsidies, and provisions for refunds, financial arrangements remain equitable and compliant with regulatory requirements. This approach not only supports consumer rights but also aligns with ethical business practices in vocational education.

A structured financial approach also enhances organisational efficiency by reducing disputes, ensuring timely payments, and maintaining compliance with legal and funding body requirements. Providing flexibility, such as instalment plans or financial hardship provisions, improves accessibility for a diverse student cohort while maintaining financial sustainability. Additionally, setting clear policies for refunds and withdrawals ensures that students are treated fairly in circumstances where course participation changes, reinforcing accountability and student confidence in the organisation.

Fees and Charges

Prior to enrolment, McDonald's Australia RTO notifies clients of a range of fee information in a Statement of Fees. This fee information includes:

- All fees payable to McDonald's Australia RTO, clearly describing all costs involved with the course;
- How and when fees must be paid;
- How to request a refund;
- The conditions under which a refund would be provided; and

The participant's rights as a consumer, including but not limited to any statutory cooling-off period, if one applies.

McDonald's Australia RTO has implemented enrolment and charging arrangements that reflect the extent of the students' engagement with, and progression through, their course.

McDonald's Australia RTO publishes all fees and charges. McDonald's Australia RTO details its fees and charges including, but not limited to:

- Compulsory fees;
- Additional charges or co-contributions;
- Application process for exemptions and concessions;
- Methods of collection; and
- Refund information.

Where a participant is being enrolled under any loan or delayed payment arrangement, the terms of the arrangement are clearly stated, including:

- Any debt that may be incurred;
- When repayment is required;

- Under what conditions; and
- Any associated fees, indexation or interest.

This information forms part of the Statement of Fees. Information provided to clients is consistent with McDonald's Australia RTO course services arrangements. McDonald's Australia RTO ensures all fees and charges related to the provision of training services are outlined to all parties prior to enrolment. Information provided is clear, accurate and sufficient to enable an informed choice.

McDonald's Australia RTO fees are designed to minimise the impact of fees and charges, through flexible payment plans, dependent on service type. McDonald's Australia RTO is committed to cost efficiency for Recognition of Prior Learning (RPL) applications and will at all times seek to complete RPL applications at the same cost or lower than normal course delivery costs.

McDonald's Australia RTO charges participants (and/or their employer or school) the mandatory or at least the minimum course tuition fee in accordance with the relevant specific jurisdictional training initiative requirements.

Course Tuition Fees

All fees are published and available on the McDonald's Australia RTO website. Published fees information includes fee rates for each training product, including full fee for service, subsidised, concession and exemption fee rates for each course and relevant government jurisdiction.

McDonald's Australia RTO charges participants (and/or their employer or school) the mandatory or at least the minimum course tuition fee in accordance with the relevant specific jurisdictional training initiative requirements.

Participant Support Services Fees

If any specific participant support options available attract an additional cost, McDonald's Australia RTO makes this clear in pre-enrolment information and as a part of the Statement of Fees. Similarly, if there are limitations to the support McDonald's Australia RTO is able to provide to particular participant cohorts, these limitations are also made clear in information provided to potential participants.

McDonald's Australia RTO ensures support provided is reasonable and accessible, with clear and accurate information on these items included in the McDonald's Australia RTO's Participant Information Booklet.

Incidental Expenses / Resource / Other Fees

There may be some instances of a personal cost to a participant over and above the general course fees. These costs include:

- Essential equipment and other items that the participant has the choice of acquiring from McDonald's Australia RTO, or from a supplier other, that become the physical property of the participant, are retained by the participant on completion of training, and are not consumed during the training. Example: tool kit.
- An optional charge for an item that is not essential for the participant to complete the training.
- An optional charge for an alternative form of access to an item or service that is an essential component of the training but is otherwise made readily available at no additional fee by McDonald's Australia RTO.
- Field trips and food, transport and accommodation costs associated with the provision of field trips that form part of the training.
- Any textbook the participant requires for their course that is retained by the participant after completion of the qualification.

Other fees may be charged for alternate forms of access to essential goods or services that are otherwise made available by McDonald's Australia RTO at no additional cost, such as course reading material that is available free of charge through another source.

Trainees and apprentices are not exempt from these fees. However, McDonald's Australia RTO provides Trainee Record Books to trainees and apprentices free of charge.

For each qualification, McDonald's Australia RTO publishes on its website any additional costs that a participant will or may incur and ensure that participants are aware of these costs prior to enrolment.

McDonald's Australia RTO provides the participant or employer (where relevant) with receipts for any monies collected by McDonald's Australia RTO for incidental expenses. McDonald's Australia RTO retains copies of receipts issued.

Services Not Incurring Fees

McDonald's Australia RTO does not charge participants separate fees for goods and services that are considered an RTO's responsibility.

For example, McDonald's Australia RTO does not charge fees for costs associated with goods and services such as enrolment, records archiving, the purchase or depreciation of equipment or general infrastructure, IT support, and access to general learning and personal support services such as mentoring, study skills programs and career guidance. Separate fees may not be charged for negotiating training plans or determining employers' capacity to train.

Fees are not charged for any items that will be retained by the participant as their own personal property, such as tools, protective clothing or textbooks. Such items are purchased separately by the participant.

Embedded Qualifications

In some cases, a qualification may include all the units of competency required to complete a lower level qualification, an 'embedded' qualification. The participant may wish to be issued with a testamur for the lower level qualification in addition to the higher one they enrolled in.

In this case the participant has paid the fee for the higher-level qualification. McDonald's Australia RTO charges an administrative fee to produce the additional testamur but the participant is required to pay additional participant fees for the lower level qualification.

Co-enrolments

McDonald's Australia RTO charges a fee for each government subsidised course that a participant enrolls in, as relevant to the relevant government contractual requirements.

Repeated Assessment

All participants have three assessment attempts for each assessment task (initial attempt plus two re-submissions). After the first three attempts, further attempts may be granted by the Assessor and a note will be made in the 'feedback to participant' section in the assessment task, detailing the reason for an additional attempt. McDonald's Australia RTO ensures participants are aware of this policy prior to enrolment.

McDonald's Australia RTO does not levy additional fees for assessment re-attempts.

Withdrawal without Penalty/Census Days

A withdrawal without penalty day or census day is a date by which a student's enrolment in the course or part of the course can be cancelled without the student incurring tuition fees for the course or part of the course.

Determining Census Days

McDonald's Australia RTO sets census days for each course. There is at least 3 census days for the course.

Each census day for part of the course must be at least 20 per cent of the way between when that part of the course starts to be provided and when a student is reasonably expected to complete that part of the course.

The duration of a course includes any normal study breaks, assessments and/or exam periods.

Where exam periods are applicable, if final exam dates are unknown, the last day of the exam period is used as the end of the course or part of course.

Census days are not set to fall on a day when a student cannot lodge a withdrawal from their course - the census date also does not fall on non-business days. All census information is made clear to students.

A census day calculator is available for use on the department's website at: www.education.gov.au/census-dates.

Flexible Enrolments

A census day to accommodate rolling intakes or flexible enrolments can be a statement indicating when the census day falls. For example, if part of the course is 12-weeks duration, a statement that the census day falls on day one of week four satisfies this requirement. A census day cannot be earlier than 20 per cent of the way through the part of the course.

Publishing Census Days

McDonald's Australia RTO publishes census days for each course it provides or intends to provide on or before the earliest enrolment date for a course, or part of a course, enabling students to access information about the census date before they enrol. The information is in an easily accessible location displayed prominently on McDonald's Australia RTO's website and which does not require login information.

Variations to Census Days

McDonald's Australia RTO only varies published census days if the change:

- Occurs before the census day, and
- Does not disadvantage students enrolled in that course, and
- Is necessary to correct an administrative error or to deal with a change in circumstances.

McDonald's Australia RTO publishes prominently on its website any variation to a census day as soon as practicable.

Notifications and Guarantee

McDonald's Australia RTO guarantees that no additional charges will be imposed during the period covered by the Course Fees Agreement.

All students are offered the option to pay fees across multiple instalments. Where an employer pays fees, this is typically paid in one instalment.

Fee Protection

McDonald's Australia RTO does not collect more than \$1,500 in prepaid fees (fees in advance) from students at any time for any course service. As such, no further fee protection arrangements are required. The requirements that apply to prepaid fees include all fees that a student is required to pay, including enrolment fees, tuition fees, materia
ls fees and any other fee component that is a mandatory payment for the course.

McDonald's Australia RTO is required to protect prepaid fees from individual students and prospective students. These requirements do not apply for employers for example, where an employer engages McDonald's Australia RTO to provide training and/or assessment to its personnel.

Course Fee Agreement

All prospective students, prior to enrolment, receive a Course Fees Agreement (Statement of Fees) from McDonald's Australia RTO. The agreement makes a formal enrolment offer to the prospective student and/or relevant supporting client, and includes all relevant fees, charges, refunds and government support information relevant to the student's course selection.

Skills Tasmania – Statement of Rights

McDonald's Australia RTO ensures that a printed Statement of Rights is provided to each learner at enrolment and on request.

Fee Records

All course services fees, relevant invoices and receipts for each student course enrolment are recorded and maintained in the VETtrak student management system. This system acts as the official accounts receivables system for McDonald's Australia RTO and is maintained as the official and auditable records for all fees, charges and refunds.

Government Loan, Funding, Subsidy and Support Entitlements

McDonald's Australia RTO ensures each participant is made aware of how undertaking training and assessment will impact their access to further government funded training. This includes ensuring that participants are aware of any government funding entitlement that may reduce their ability to access such funding in the future (such as arrangements that limit funding to one qualification for a person),

McDonald's Australia RTO also provides advice on these arrangements prior to enrolment, via the Statement of Fees.

The total course fee for a government subsidised course is divided into two components:

- The Fee (to the participant / employer / employee); and
- The Subsidy (paid by the relevant government body).

In cases of government funding or subsidy, the Statement of Fees also includes the approximate value of the contribution from government towards the qualification(s) in which the participant is considering enrolment.

The following government contractual / jurisdictional arrangements apply to McDonald's Australia RTO fees and charges.

Australian Capital Territory

McDonald's Australia RTO ensures all fees and charges related to the provision of training services are outlined to all parties prior to enrolment. Information provided is to be clear, accurate and sufficient to enable an informed choice.

McDonald's Australia RTO publishes all fees and charges including, but not limited to:

- compulsory tuition fees;
- additional charges or co-contributions;
- application process for exemptions and concessions;
- methods of collection; and
- refund information.

McDonald's Australia RTO charges participants at least the minimum tuition fee in accordance with the specific training initiative.

McDonald's Australia RTO collects, records and retains all evidence relating to fee transactions. Where a fee concession, waiver, exemption or refund is granted, McDonald's Australia RTO retains all supporting evidence relating to the decision for each participant.

McDonald's Australia RTO has a formal process in place to support the assessment of participant eligibility for waiving any remaining fees and charges, after concessions have been applied, as outlined below.

Australian Apprenticeships

McDonald's Australia RTO charges a tuition fee except where the participant is exempt, or eligible for a concession and McDonald's Australia RTO chooses to waive the remaining tuition fee.

McDonald's Australia RTO may determine the fee per delivery mode. However, it must be equal to or higher than the published mandatory minimum tuition fee for each Australian Apprenticeship qualification.

The mandatory minimum tuition fee is \$350 per qualification.

McDonald's Australia RTO may negotiate fees that are different to the published fee, directly with employers. McDonald's Australia RTO must agree the fee with the employer prior to finalisation of enrolment and must notify the Directorate of the agreement within 10 business days of this date using the RTO Tuition Fee form.

Additional Fees

User Choice funding already takes into account the cost of materials and equipment. McDonald's Australia RTO does not charge extra for these.

McDonald's Australia RTO supplies the participant and/or employer with details of any additional fees prior to finalisation of enrolment. Additional fees charged may include, but are not limited to:

- a Student Association Fee (where applicable); and
- the supply of goods the Australian Apprentice needs to purchase for use at work (e.g. tools, work clothing, Personal Protective Equipment (PPE)).

McDonald's Australia RTO does not insist that the goods are purchased from it.

McDonald's Australia RTO includes the tuition fee for each Australian Apprenticeship qualification, per delivery mode, on the ACT Qualifications Register. This information is entered by McDonald's Australia RTO into the RTO portal. The tuition fee entered into the RTO portal must be for the whole qualification, not an annual fee.

Any changes to fees are not applied until the changes are published on the ACT Qualifications Register.

Australian Apprentices must be offered the option to pay the tuition fee across multiple instalments. If an employer pays this fee McDonald's Australia RTO may require it to be paid in one instalment.

Queensland

Co-Contribution Fee

McDonald's Australia RTO may have different offerings for the same qualification. These offerings may arise because of different delivery modes (such as face-to-face and online), delivery locations (such as regional and South East Queensland) or other factors such as vocational/work placement or high-cost electives. McDonald's Australia RTO may charge a different co-contribution fee for each offering.

The co-contribution fee charged for a qualification or offering represents the total cost to the participant and includes any enrolment charges (such as identification card charges), tuition fees, services fees, materials fees and all other costs associated with delivering the training and assessment services and awarding the qualification. This includes costs associated with criminal history checks which may be a prerequisite for vocational placement and employment in certain occupations.

McDonald's Australia RTO discloses upfront concessional and non-concessional fees and clearly publishes and labels them on its website as the co-contribution fee, along with all pertinent information about the offering. This allows prospective participants to be clearly informed of all fee costs and able to compare fees for a qualification.

Where McDonald's Australia RTO must collect a co-contribution fee, it may be paid on behalf of the participant by an employer or third party unrelated to the RTO, but cannot be paid or waived by McDonald's Australia RTO (whether directly or indirectly), unless approved in writing by the department.

McDonald's Australia RTO charges and collects the fee at the unit of competency level, so that fees for units of competency add up to the total co-contribution fee published by McDonald's Australia RTO. The unit of competency fee is either the total fee divided by the units of competency payable for the qualification or assigned proportionally based on the relative length of the competencies.

McDonald's Australia RTO notifies the prospective participant of the expectations and rules regarding accessing a government subsidised training place under the relevant program. This notification includes advice that the participant will no longer be eligible for a government subsidised training place under a program once they complete the qualification level targeted through the program.

McDonald's Australia RTO retains evidence of co-contribution fees charged and collected. It reports to the department, via its VET activity data submission for each participant, the fees collected per unit of competency — with fees reported in whole dollar values for each unit. Fees collected are reported to the department regardless of who pays the fee on behalf of the participant.

McDonald's Australia RTO does not refund, waive, return payment, or provide a cash payment, or bonus either by way of 'referral fee' or otherwise to any payer of the co-contribution fee (including third parties) or fail to collect the co-contribution fee except as provided for in the relevant program policy.

Cost recovery — atypical and minor charges by McDonald's Australia RTO are permitted on a cost-recovery basis for services which are not required for the standard delivery of training and assessment services and awarding of a qualification. This would apply if a qualification has to be reissued — McDonald's Australia RTO may charge the participant for this service on a cost-recovery basis.

A student's eligibility for concessional status is confirmed by McDonald's Australia RTO at the time of the student's enrolment and evidence retained by McDonald's Australia RTO in order to attract the government subsidy. The intent of the higher government subsidy is to enable McDonald's Australia RTO to reduce the co-contribution fee and/or provide increased learning support for the concessional (disadvantaged) student. For specific priority population groups who are granted concessional status under a program, such as people with disability, McDonald's Australia RTO ensures the student meets the cohort definition as per the AVETMIS Standard.

User Choice

Participant contribution fees are the non-government financial contribution to the cost of the training and assessment services provided by McDonald's Australia RTO.

McDonald's Australia RTO details its fees and charges policy, including full costs, method of collection, refunds, and exemptions prior to enrolment and provide access to this written policy to apprentices and trainees.

McDonald's Australia RTO retains evidence of participant contribution fees charged and collected for all participants, except for those participants deemed as fully exempt. In addition, evidence must be retained for all participants whose circumstances have been deemed as totally or partially exempt from participant contribution fees.

Participant contribution fees under the User Choice program are set at \$1.60 per nominal hour for each unit of competency/module to be calculated at the commencement of the unit of competency/module. Participant contribution fees may be adjusted annually by the department.

McDonald's Australia RTO does not charge more than the participant contribution fee amounts.

When the participant converts from a school-based apprentice or trainee to a full-time or part-time apprenticeship or traineeship, participant contribution fees must be charged for training and assessment for any units of competency not yet commenced. This does not apply when the participant is a Year 12 graduate and is undertaking a high priority qualification as identified by the department.

Where McDonald's Australia RTO collects a participant contribution fee, it may be paid on behalf of the participant by their employer or a third party unrelated to McDonald's Australia RTO, but cannot be paid or waived by McDonald's Australia RTO (whether directly or indirectly), unless approved in writing by the department.

McDonald's Australia RTO may seek additional charges from the employer/industry. Any additional charges must be negotiated up-front and disclosed to the employer/industry prior to the participant's enrolment.

McDonald's Australia RTO does not charge participants for:

- The provision of materials essential to achieving competence
- The development and supply of a training plan
- The development and supply of the initial training record.

When McDonald's Australia RTO has claimed payment for the relevant units of competency through the User Choice funding program, McDonald's Australia RTO does not withhold the results, statement of attainment or qualification from an apprentice or trainee due to the non-payment of fees.

Refund policy

McDonald's Australia RTO has a refund policy that meets the requirements of the Revised Standards for RTOs. This policy includes:

- The provision for full refunds to participants for student contribution fees charged for training delivery that has not commenced at the time of the cancellation of enrolment;
- The provision of proportionate refunds where the participant has withdrawn from a unit of competency/module; and
- The provision of refunds to employers/industry for additional charges paid beyond the participant and government contributions.

Certificate 3 Guarantee

A contribution to the cost of training and assessment services must be made by participants undertaking a certificate III level vocational qualification and non-concessional participants undertaking certificate I and/or II level vocational qualifications.

The fee may be paid on behalf of the participant by a third party unrelated to McDonald's Australia RTO, but cannot be paid or waived by the RTO (whether directly or indirectly), unless approved in writing by the department. The fee amount is a decision for McDonald's Australia RTO.

The only exceptions to the fee condition are:

- *Skilling Queenslanders for Work (SQW)* participants — this training is provided fee-free to participants with any additional costs met through SQW funding.
- Queensland Year 12 graduates undertaking high priority qualifications — this training is provided fee-free to participants.
- VETiS students — this training is provided fee-free to participants with any additional costs met by the school.
- Foundation skills — this training can be provided fee-free to participants, as determined by McDonald's Australia RTO.
- Lower-level vocational qualifications for concessional participants — this training can be provided fee-free to participants, as determined by McDonald's Australia RTO.

Higher Level Skills

A contribution to the cost of training and assessment services must be made by participants undertaking a certificate IV level and above qualification or priority skill set. Given the increased benefits that participants and industry accrue from higher-level training, there is an expectation of higher levels of co-contribution under the Higher-Level Skills program.

The fee may be paid on behalf of the participant by a third party unrelated to McDonald's Australia RTO, but cannot be paid or waived by the RTO (whether directly or indirectly), unless approved in writing by the department. The fee amount is a decision for McDonald's Australia RTO.

New South Wales

Smart and Skilled Student fees

Under Smart and Skilled, a participant contributes towards the cost of training through the payment of a participant fee. The payment to McDonald's Australia RTO is made up of the participant fee and the subsidy from the government. Student fees are:

- Set for the whole qualification, not annual or semester fees as some training providers did previously to Smart and Skilled,
- Lower for students doing their first post-school qualification, and
- Set for the student and the qualification and will be the same regardless of McDonald's Australia RTO chosen.

Charging fees

All references in this policy to charging a student a fee, and to make the student aware of fees and costs, encompass anyone who may pay the fee on behalf of the student. This includes, but is not limited to:

- The student.
- The student's parent or guardian.
- The student's employer.
- Any other organisation or entity.

There are different categories of participant fees, based on the qualification and the characteristics of the participant. The schedule of fees for each qualification on the NSW Skills List can be accessed at:

www.training.nsw.gov.au/smartandskilled/prices_fees.html.

McDonald's Australia RTO must charge the participant the relevant fee set by the NSW Government. The relevant fee will be determined when McDonald's Australia RTO enters the participant data into the Smart and Skilled Provider Calculator.

Fee Categories

The student fee categories are:

- Standard Student
 - First Qualification
 - Subsequent Qualification
- Apprenticeship
- Traineeship
- Concession
- Exemptions and fee-free scholarships for eligible student cohorts
- Fee-free training (for specific programs).

Standard Student Fees

The standard student fee applies to students who are not doing an apprenticeship or traineeship or who do not qualify for a concession or an exemption.

The *Standard Student - First Qualification* fee applies to students who do not already hold a post-school qualification from any tertiary sector. Qualifications include vocational and higher education qualifications achieved in Australia or overseas at any time previously. Qualifications not deemed to be post-school qualifications are qualifications achieved while at school as part of an individual's secondary education or prior to turning seventeen (17).

The following qualifications have been determined not to be post-school qualifications:

- Certificate I qualifications,
- Smart and Skilled Entitlement Foundation Skills qualifications,
- Any other foundation skills qualification that is aimed at developing foundation skills as identified in the "National Foundation Skills Strategy" (up to and including Certificate III), including:
 - English language, literacy and numeracy (such as listening, speaking, reading, writing, digital literacy and use of mathematical ideas),
 - Employability skills (such as collaboration, problem solving, self-management, learning and information and communication technology skills required for participation in modern workplaces and contemporary life), or
 - Certificate IV NSW Tertiary Preparation Certificate.

Students who hold these qualifications will pay the First Qualification fee.

The First Qualification fee also applies to fees for 15- to 17-year-olds regardless of any previous qualification.

The *Standard Student - Subsequent Qualification Fee* applies to students who already hold a previous post-school qualification from any tertiary sector. This category includes vocational and higher education qualifications achieved in Australia or overseas at any time previously.

The *Standard Student—Subsequent Qualification Fee* is the higher of the two standard student fees because individuals undertaking a second or subsequent post-school qualification have already benefitted from training.

Where a student completes a *Smart and Skilled* qualification and enrolls in another *Smart and Skilled* qualification (except an apprenticeship or traineeship), students are charged the *Standard Student - Subsequent Qualification Fee* for the subsequent qualification.

Note: There is no limit to the number of previous post-school qualifications a student can hold.

Traineeship fees

Under the NSW Government's Fee Free Traineeship Initiative, NSW trainees who are funded under Smart and Skilled, and commence subsidised training on or after 1 January 2020, are eligible for free training.

A trainee eligible under this initiative will be exempt from fees for their traineeship qualification.

For trainees who are not eligible, the fee for a qualification delivered to a trainee under a traineeship pathway is lower than for a non-traineeship pathway and is capped at \$1,000.

Recognition of prior learning

Where an eligible participant is granted recognition of prior learning (RPL) for one or more units of competency, the qualification price will be adjusted, and a new participant fee determined.

The qualification price is based on both fixed and variable costs. The fixed cost of the qualification will be reduced by 50 per cent of the proportion of units of competency granted RPL. The variable cost will be reduced by 50 per cent of the total cost of the units of competency granted RPL.

Once the adjusted qualification price is calculated the new participant fee will be determined at the same percentage of the price as the original participant fee for that course (i.e. Adjusted Price x fee percentage).

Where RPL for a unit (or units) of competency is assessed by McDonald's Australia RTO and only partially granted and some training delivery is still required, there is no reduction in the participant fee and should not be entered in McDonald's Australia RTO Calculator or reported as RPL granted

Credit transfer

Where an eligible participant is granted a credit transfer (CT) for one or more units of competency, the qualification price will be adjusted, and a new participant fee determined.

The fixed cost of the qualification will be reduced by the proportion of units of competency given credit transfer. The variable cost will be reduced by the total cost of each unit of competency granted credit transfer.

Once the adjusted qualification price is calculated the new participant fee will be determined at the same percentage of the price as the original participant fee for that course (i.e. Adjusted Price x fee percentage).

Calculating and adjusting fees for recognition of prior learning and credit transfer

Where RPL and/or CT are granted at enrolment, McDonald's Australia RTO uses the Smart and Skilled Provider Calculator to determine the applicable participant fee.

Where RPL and/or CT is granted after enrolment, or after a participant commences a qualification, McDonald's Australia RTO reports the outcome for the relevant unit(s) of competency in their next Smart and Skilled training activity data file submitted to the Department. The Department will make adjustments to the subsidy payment and advise McDonald's Australia RTO of the new participant fee. McDonald's Australia RTO takes all necessary steps to advise affected participants of adjusted fee and to adjust the fee levied, including adjustments to subsequent fee payment schedules.

McDonald's Australia RTO sights appropriate evidence, such as a testamur or a Unique Student Identifier (USI) transcript to grant credit transfer.

Fees Arrangements for School Based Apprenticeships and Traineeships

Under the *School Based Apprenticeships and Traineeships Program* the payment to McDonald's Australia RTO is made up of the student fee and the subsidy from the government. Student fees are:

- Set for the whole qualification, not annual or semester fees, and
- Set for the student and the qualification and will be the same regardless of McDonald's Australia RTO chosen.

Under the NSW Government's *Fee-Free Apprenticeship Initiative*, NSW School Based Apprentices who are funded under *Smart and Skilled*, and who commenced subsidised training between 1 July 2018 and 30 June 2025, are eligible for free training.

A school-based apprentice eligible under this initiative will be exempt from fees for their apprenticeship qualification.

An apprentice who commenced a School Based Apprenticeship prior to 1 July 2018 and then transition to a full apprenticeship after 1 July 2018, are not eligible under the *Fee-Free Apprenticeships Initiative*, for a fee exemption for the remainder of their apprenticeship qualification.

A waiver must be applied to an eligible enrolment in order to access funding under this initiative.

Under the NSW Government's *Fee-Free Traineeship Initiative*, NSW School Based Trainees who are funded under *Smart and Skilled*, and commence subsidised training between 1 January 2020 and 30 June 2025, are eligible for free training.

A school-based trainee eligible under this initiative will be exempt from fees for their traineeship qualification.

A waiver must be applied to an eligible enrolment in order to access funding under this initiative.

Fee Categories

There are different categories of student fees, based on the qualification and the characteristics of the school-based apprentice or trainee.

The student fee categories are:

- Apprenticeship or traineeship,
- Concession, or
- Exemption.

Apprenticeship Fees

Are the same for school-based apprenticeship qualifications as for the relevant apprenticeship qualification under *Smart and Skilled*.

Traineeship Fees

Are the same for school-based traineeship qualifications as for the relevant traineeship qualification under *Smart and Skilled*.

Charging fees

McDonald's Australia RTO must assess the participant's fee eligibility and where the participant is not fee exempt charge the relevant participant fee set by the NSW Government.

The relevant fee can be confirmed during the Notification of Enrolment when McDonald's Australia RTO enters the participant data into the School Based Apprenticeship and Traineeship Enrolment facility on STS Online and a SID is issued.

Levying of participant fees

Where a participant does not complete the qualification while at school, for example a participant undertaking a school-based apprenticeship, McDonald's Australia RTO only levies the proportion of the participant fee, via the school sector, for the proportion of the qualification undertaken whilst at school.

After finishing Year 12, the participant can be directly levied the proportion of participant fee for the remaining portion of the qualification that will be undertaken. McDonald's Australia RTO collects all fees to be paid by the participant by the time they complete their subsidised training. In these instances, McDonald's Australia RTO, or a related entity or organisation, does not pay the participant fee on behalf of a participant unless McDonald's Australia RTO is also:

- The participant's employer; or
- Is a provider of government-funded employment services (Jobactive) and the participant is a client.

McDonald's Australia RTO retains participant fees that it collects or evidence that either of the two conditions above were met.

Note: The SID issued by the SBAT Enrolment facility must be retained for the duration of the participants training. Specifically, where a school-based apprentice continues in the apprenticeship after finishing Year 12.

Proof of eligibility for fee status

McDonald's Australia RTO ensures that individuals declare that information provided with regard to eligibility is true, accurate, complete and not misleading.

Additionally, for some fee types an individual may be required to provide evidence to support their eligibility for the Smart and Skilled fee type. McDonald's Australia RTO sights or maintains certain evidence as required.

Proof of eligibility for First or Subsequent Qualification fee

A student is required to declare any post-school qualifications to assess eligibility for a *First or Subsequent Qualification Standard Student fee*.

Smart and Skilled data and data from the *Unique Student Identifier* may also be used as evidence of a student's previous post-school qualifications, to assess the appropriate *Standard Student fee*.

Validation of participant eligibility and fee

McDonald's Australia RTO uses the Calculator to confirm an individual's *Smart and Skilled* eligibility for a qualification. McDonald's Australia RTO charges the participant the relevant fee set by the NSW Government which has been validated by the Calculator.

McDonald's Australia RTO cannot charge participants a fee other than what is calculated by the NSW Government through McDonald's Australia RTO Calculator. This means McDonald's Australia RTO does not discount the fee, charge a higher fee or exempt participants from paying the fee determined by McDonald's Australia RTO Calculator.

Additional fees

McDonald's Australia RTO does not charge additional fees to recover costs for lost income resulting from the student withdrawing from training.

McDonald's Australia RTO does not charge for:

- Customisation of the qualification where the customisation is within training package rules.
- Learning resources such as workbooks or learner guides that are essential to the delivery of training.
- A hard copy textbook where an online version is available for the student free of charge (unless the student is informed of the additional charges for the hard copy textbook and agrees to purchase it).
- Learning resources that have been replicated by the Provider (e.g. photocopies, or computer printouts whether they have been bound or not).
- Learning resources that have been developed "in house" by McDonald's Australia RTP.

Incidental expenses

The price of a qualification, which is made up of the government subsidy and participant fee, will cover the total costs incurred by McDonald's Australia RTO to deliver the training, including assessment. However, there may be some instances of a personal cost to a participant over and above the participant fee.

These costs include:

- Essential equipment and other items that the participant has the choice of acquiring from McDonald's Australia RTO, or from a supplier other than McDonald's Australia RTO, that become the physical property of the participant, are retained by the participant on completion of training, and are not consumed during the training;
- An optional charge for an item that is not essential for the participant to complete the training;
- An optional charge for an alternative form of access to an item or service that is an essential component of the training, but is otherwise made readily available at no additional fee by McDonald's Australia RTO;
- Field trips and food, transport and accommodation costs associated with the provision of field trips that form part of the training; or

- Any textbook the participant requires to undertake their qualification that is retained by the participant after completion of the qualification.

For each qualification, McDonald's Australia RTO publishes on its website any additional costs that a participant will or may incur and ensures that participants are aware of these costs prior to enrolment. McDonald's Australia RTO provides all participants (or employers where relevant) with receipts for any monies collected by McDonald's Australia RTO for incidental expenses. McDonald's Australia RTO retains copies of receipts issued.

Charges for issuing embedded qualifications

In some cases, a qualification may include all the units of competency required to complete a lower level qualification, an 'embedded' qualification. The participant may wish to be issued with a testamur for the lower level qualification in addition to the higher one they enrolled in. In this case the participant has paid the fee for the higher-level qualification. McDonald's Australia RTO may charge an administrative fee to produce the additional testamur, but the participant will not be required to pay additional participant fees for the lower level qualification.

Paying fees

Levying of participant fees

McDonald's Australia RTO determines the payment arrangements for participant fees, publishes information and informs participants of these arrangements before the participant enrolls.

McDonald's Australia RTO ensures it collects all fees to be paid by the participant by the time they complete their subsidised training. A Provider, or a related entity or organisation, must not pay the participant fee on behalf of a participant unless McDonald's Australia RTO is also:

- The participant's employer; or
- Is a provider of government-funded employment services (Jobactive) and the participant is a client.

McDonald's Australia RTO ensures it retains participant fees that it collects or evidence that either of the two conditions above were met.

Arrangements for payment of fees for apprentices and trainees

Some Modern Awards include provisions that require the employer to pay the fee on behalf of their apprentice or trainee. Where this is the case, the employer will pay the participant fee.

Subcontracting

Where McDonald's Australia RTO enters into a subcontracting arrangement, the subcontractor does not charge the participant a fee or any additional costs. All fees and any additional costs must be levied by McDonald's Australia RTO in accordance with this Policy.

Co-enrolments

McDonald's Australia RTO charges a fee for each *Smart and Skilled* qualification that a participant enrolls in. For example, if a participant enrolls in both a traineeship qualification and a foundation skills qualification, the participant must pay the participant fee applicable for both qualifications.

Changes to Participant Fees

The participant will pay the fee for the qualification that applies in the year when they commence training. The participant will not be affected by any subsequent changes to Smart and Skilled fees.

Discontinuing participants

Withdrawal without penalty

McDonald's Australia RTO advises the participant, prior to any fees being paid, of the 'withdrawal with no penalty' cut-off date, i.e. the date by which the participant can withdraw and be refunded any fees paid at enrolment. This date is determined by McDonald's Australia RTO.

Withdrawal after the cut-off date without penalty

Where a participant withdraws from training, McDonald's Australia RTO gives the exiting participant a statement of fees that includes all fees applied and any fees refunded, if applicable.

Fees for participant repeat attempts to complete units of competency

McDonald's Australia RTO allows a student to attempt each assessment task for each unit of competency on at least three occasions (initial attempt plus two re-submissions) as a part of their student fee.

McDonald's Australia RTO does not levy additional fees for assessment re-attempts.

Transferring participants

A participant undertaking a Smart and Skilled qualification may withdraw from a qualification with a Smart and Skilled Provider and transfer to another Smart and Skilled Provider to complete their qualification because:

- They chose to of their own accord,
- McDonald's Australia RTO closes, or
- McDonald's Australia RTO's *Smart and Skilled Contract* has been terminated.

Participants who transfer of their own accord

Where a participant transfers of their own accord from their initial *Smart and Skilled Provider* to another *Smart and Skilled Provider* to complete their training, standard credit transfer rules will apply when calculating the participant fee. To do this, the participant's subsequent Provider must obtain a statement of attainment from the participant (issued by the initial Provider) to determine what credit should be granted. The subsequent Provider must use the *Smart and Skilled Provider Calculator* to determine the participant fee.

In this situation, the participant may end up contributing more towards the cost of their training.

Participants who transfer due to Provider closure or contract termination

The following rules apply to a participant who transfers due to a Provider's closure or the termination of a Provider's *Smart and Skilled Contract*:

- The fees charged in total by the two *Smart and Skilled Providers* cannot exceed the participant fee quoted by the initial Provider.
- Where the combined fee exceeds the original fee quoted, the subsequent Provider must contact the Department to confirm fee to be charged, before enrolling the participant and charging any fees. Any fee gap will be paid to McDonald's Australia RTO by the Department.

Therefore, where a participant transfers from their initial Smart and Skilled Provider to another *Smart and Skilled Provider* to complete their training, and the transfer is not of the participant's own accord, the subsequent Provider must obtain from the participant:

- A statement of attainment issued by the previous *Smart and Skilled Provider*;
- An up-to-date training plan (issued by the initial *Smart and Skilled Provider*) that lists all units of competency achieved, commenced but not completed, and/or not started; and
- A statement of fees issued by the previous *Smart and Skilled Provider*.

The subsequent Provider can then enter the details into the Smart and Skilled Provider Calculator to determine the participant's fee.

Obtaining the above documentation may not be possible where the initial provider closes. In these instances, McDonald's Australia RTO seeks assistance from the Department to determine the participant's fee.

Participants transitioning from superseded qualifications

Where a participant is enrolled in a qualification that is superseded and the participant is required to transition to the new qualification to continue training and complete, and the price of the new qualification is different to that of the superseded qualification:

- McDonald's Australia RTO continues to be paid the applicable subsidy for the superseded qualification; and
- The participant fee remains the same.

Smart and Skilled Fee Administration Policy

McDonald's Australia RTO ensures each participant is given access to the Smart and Skilled Fee Administration Policy before or at the time of enrolment. This is available at: <https://smartandskilled.nsw.gov.au/for-training-providers>

McDonald's Australia RTO makes participants aware of its policies or processes on:

- Evidence required for participant eligibility for Smart and Skilled, Smart and Skilled programs and fee exemptions and concessions where relevant;
- Withdrawal without penalty;
- Repeat attempts to complete a unit of competency;
- Fee refunds;
- Recovery of outstanding fees; and
- Levying of participant fees.

Northern Territory

No mandated participant fee arrangements are applicable.

South Australia

Fees payable by participants

McDonald's Australia RTO, in a location which is prominent, accessible and online, publishes to its participants and to prospective participants' information about its fee policies so that participants and prospective participants may make decisions about enrolment in a course after being informed of the full cost of the course. The fee policies to be published must include:

- A breakdown of the Participant Course Fee (if any);
- All incidental fees that a participant may be liable to pay; and
- Criteria for eligibility of a participant for fee concessions and fee exemptions.

McDonald's Australia RTO only charges a participant for accredited training an amount that is in accordance with information provided to the participant.

McDonald's Australia RTO only charges incidental fees if the participant is made aware that the incidental fees may be charged before enrolling in the course and the incidental fees are a charge for an essential good or service that the participant has the choice of acquiring from a supplier other than McDonald's Australia RTO and is for:

- Equipment or items that become the physical property of the participant and that are not consumed during the course; or
- Food, transport and accommodation costs associated with the provision of field trips that form part of the course.

Other than incidental fees, all other costs of the course are included in the Participant Course Fee.

Where a Participant Course Fee is payable, McDonald's Australia RTO collects the fee and retains evidence of the collection of the fee.

Collection of fees

Funding levels are premised on the principle of co-investment, i.e. in addition to the funding, there will be a financial contribution for the training in the form of a Participant Course Fee paid to McDonald's Australia RTO by the participant, the employer of a participant, or some other person or body. Hence, there is an expectation that McDonald's Australia RTO will charge a Participant Course Fee, unless otherwise specified by the department. The Participant Course Fee cannot be paid or waived by McDonald's Australia RTO.

Where a Participant Course Fee is payable, McDonald's Australia RTO records it accurately in the creation of a Training Account and retains evidence of the collection of the fee.

Tasmania

No mandated participant fee arrangements are applicable.

Victoria

General requirements for calculation and levying of fees

Prior to enrolment, McDonald's Australia RTO supplies each individual with a **Statement of Fees**. The Statement of Fees provides a quote for the total cost for the course of study/enrolment, taking into account current circumstances (including any eligibility for concession).

Tuition fee waivers/exemptions

McDonald's Australia RTO allows tuition fee waivers/exemptions.

Prior to enrolment, McDonald's Australia RTO sights and retains copies of all documentation demonstrating an individual's eligibility for the tuition fee waiver/exemption granted by McDonald's Australia RTO for audit or review purposes. McDonald's Australia RTO allows concessions on standard fees. The concession fee is 20 per cent of McDonald's Australia RTO's published standard tuition fee, being the fee that McDonald's Australia RTO would have charged a non-concession government subsidised student in the same course at that time.

McDonald's Australia RTO ensures it checks an individual's eligibility for concession as part of enrolment and prior to the commencement of training.

Where McDonald's Australia RTO does not charge all fees associated with a course of study/enrolment in one instance (for example, if fees are charged for each semester or year of study), then after initially checking an individual's eligibility for concession as part of enrolment, McDonald's Australia RTO re-checks an individual's eligibility for concession each time a new invoice is issued to the individual for fees associated with that enrolment that have not previously been charged.

Where McDonald's Australia RTO offers an individual a 'payment plan' (meaning that the individual is charged all fees associated with a course of study/enrolment in one instance, but McDonald's Australia RTO enters into an arrangement with the individual such that they will pay the amount that is owed in instalments), McDonald's Australia RTO does not re-check concession entitlement each time an invoice is issued when an instalment amount is due to be paid.

If an individual who was previously eligible for a concession becomes ineligible for the concession before the completion of the hours for which they have paid tuition fees, this does not affect the tuition fees payable for the enrolment.

Other fees

McDonald's Australia RTO publishes on its website all other fees associated with government subsidised training including but not limited to any participant services and amenities fees, fees for goods, services or materials and administration fees. If McDonald's Australia RTO imposes any other fees McDonald's Australia RTO supplies the individual with itemised details of the fees prior to enrolment as part of a Statement of Fees.

McDonald's Australia RTO keeps records, including evidence and the date upon which evidence was sighted, to support any claim for a contribution towards revenue foregone as a result of granting concessions or waivers/exemptions.

Western Australia

Fees and Charges

McDonald's Australia RTO charges students' fees where applicable. Minimising the collection of fees or offering inducements that could be viewed as seeking a competitive advantage is prohibited.

McDonald's Australia RTO has implemented this documented process for the receipt of student fees. Details are retained for audit purposes.

The course fee is the sum of fees for all units that a student enrolls in.

Trainees are required to pay course fees regardless of mode of delivery, including training that is 100% on the job. An hourly rate based on nominal hours applies to each unit commenced.

The composition of courses must comply with training package requirements and enrolled units must be attached to a course.

Category 2 - Apprenticeships, Traineeships** and Priority Industry Qualifications (up to Certificate IV)	\$3.25
Category 3 - General Industry Training (up to Certificate IV)	\$4.88
Category 4 - Foundation Skills and Equity Courses	\$0.21

Category 3 - General Industry Training (up to Certificate IV)	\$1.47
Category 4 - Foundation Skills and Equity Courses	\$0.21
Category 5 - Targeted Fee Relief Courses	\$0.48
Category 6 - Fee-Free Courses	\$0.00

*Excludes Diploma and Advanced Diploma qualifications that are targeted fee relief courses.

**Excludes existing worker traineeships and targeted fee relief apprenticeships and traineeships.

*** As per the WA Fees & Charges Policy listing.

Category 5 courses – Fee caps

The maximum course fee for non-concession students undertaking a targeted fee relief course is \$1,200.

For concession students and youth, the maximum course fee for undertaking a targeted fee relief course is \$400. These maximums apply per course.

For concession students and youth, the maximum course fee for undertaking a targeted fee relief course in 2026 is \$400. These maximums apply per course in 2026. Where a student is transferred to an updated version of a course, the maximum will be applied as if the enrolment continues in a single course. Please refer to section 6.1.2 below for more information on the application of fee caps when the classification of courses changes mid-year.

Existing worker trainees

Existing worker trainees at any qualification level are charged at the Category 1 fee rate of \$5.79 per nominal hour, except in targeted fee relief courses, where they are charged at the Category 5 fee rate of \$1.62 per nominal hour up to the maximum course fee caps specified above.

Existing worker trainees are only eligible for fee concessions in targeted fee relief courses and courses specified on the concession eligible Diploma and Advanced Diploma list. Lists of these courses are available in the policy section of the Department's website.

Fee caps for secondary school-aged persons not enrolled at school

For secondary school-aged persons not enrolled at school, the maximum course fee chargeable is \$420. The maximum is the total fee for all courses the student is enrolled in.

For these students, course fees for courses that are below Diploma level or are concession-eligible Diploma and Advanced Diploma courses are calculated at the concessional rate until the student reaches the fee cap. The Diploma and Advanced Diploma course fee maximum of \$7,860 does not apply to these students.

Impact of Course Classification Changes

Where a course is reclassified into a different category during the year, the reclassification does not affect fees payable for units of the course commenced prior to the reclassification date.

If a course is reclassified as targeted fee relief, then the targeted fee relief course fee caps only apply to units commenced on or after the date of reclassification.

Where a student has paid for units in a course that has been reclassified and the units will commence on or after the reclassification date, the student is entitled to a refund if the amount of fees paid exceeds the course fees applicable following the reclassification. The refund will be calculated as the difference between the amount paid and the new applicable course fees. Where the amount of fees paid is less than the course fees applicable following the reclassification, the student is not required to pay the difference between the amount paid and the new applicable course fees.

McDonald's Australia RTO:

- Collects the fees and charges for students undertaking VET in accordance with the current provisions of the Department's VET Fees and Charges Policy, any law and other legal requirements relevant to these services or the WA Contract, and/or where appropriate, as specified in the contractual arrangements with the RTO.
- Collects the fees and charges from students set by the VET Fees and Charges Policy applicable at the time the relevant Unit of Competency, to which the fee or charge applies, commences.
- Retains evidence of payment of fees and charges for all funded Students for a period of five (5) years following the end.
- Retains evidence of the students' proof of eligibility of concession or fee waiver.
- Promptly provides copies of invoices and receipts identifying the fees and charges for any funded student when requested.
- Promptly remits such fees, charges or other monies (as the case may be) which, by virtue of the WA Contract or any law or government policy, it is not entitled to collect or keep, to the Department or any payer, upon request by the Department, and in accordance with such request.
- Provides publicly funded students with an itemised enrolment invoice or receipt for any Units of Competency they have enrolled in. Invoices must include:

- Personal details - the first and last name of the student,
- Course details – national or state identification and course name,
- Concession status (where appropriate),
- Jobs and Skills WA Category, for example:
 - Diploma and above qualifications.
 - Apprenticeships and Traineeships.
 - Priority Industry Qualifications.
 - General Industry Training.
 - Foundation Skills and Equity Courses.
- Enrolment date.
- A list of all enrolled Units, specifying for each Unit the:
 - withdrawal/census date,
 - nominal hours,
 - Unit fee,
 - resource fee, and
 - fee for Recognition of Prior Learning (where applicable).
- Additional itemised fees, and
- Total invoice amount.

Where the employer takes responsibility for the payment of the invoice, McDonald's Australia RTO provides a single enrolment invoice/receipt that provides aggregated information on their employees' enrolment details. Students receive an individual copy of their enrolment invoice/receipt containing all of the relevant information for record keeping purposes where they leave their employment prior to completing the qualification.

Goods & Services that should not incur a fee

McDonald's Australia RTO does not charge participants separate fees for goods and services that are considered McDonald's Australia RTO's responsibility under the relevant Standards. The costs of providing these services are included in the price set by the Department for the purchase of training. For example, McDonald's Australia RTO does not charge fees for costs associated with goods and services such as enrolment, records archiving, the purchase or depreciation of equipment or general infrastructure, IT support, and access to general learning and personal support services such as mentoring, study skills programs and career guidance.

Separate fees are not charged for negotiating training plans or determining employers' capacity to train, which form part of the McDonald's Australia RTO's responsibilities under the Department's Apprenticeship Policy.

Fees are not charged for any items that will be retained by the participant as their own personal property, such as tools, protective clothing or textbooks. Such items must be purchased separately by the participant.

Resource fees

Resource fees are charges for materials that are considered essential to a course or unit of study and which do not form part of the course fee. The resource fee covers materials purchased by McDonald's Australia RTO to be consumed or transformed by participants in the course of instruction, such as workshop materials, workbooks and essential uniforms.

Any increases to the resource fee do not exceed a consumer price index (CPI) increase of 1.25%. Where appropriate, accountable officers may apply a resource fee to new or existing courses where they have not previously applied. Resource fees do not exceed cost recovery.

Resource fees are published by McDonald's Australia RTO prior to the commencement of enrolments.

Trainees and apprentices are not exempt from resource fees. However, where McDonald's Australia RTO provides Training Record Books to trainees and apprentices, these are free of charge.

Other fees

Other fees may be charged for:

- goods or services that are not essential to the course such as parking, membership to participant organisations and security passes; or
- alternate forms of access to essential goods or services that are otherwise made available by McDonald's Australia RTO at no additional cost, such as course reading material that is available free of charge through another source.

Other fees are itemised and published by McDonald's Australia RTO prior to commencement of enrolment.

Calculating fees

The fee applicable is from the start date of the unit in which the publicly subsidised participant is enrolled, irrespective of the date of enrolment or duration of the course.

To ensure consistency, adjustments are not made to fees to reflect variations in timetabling or in instances where participants complete a course or unit in less time than the nominal hours specified in the course outline defined on the Department's [website](#).

Participants enrolling in a publicly funded course are charged according to the same fee structure regardless of mode of delivery, including:

- local face to face class;
- remote live electronic conferencing;
- self-paced – scheduled and unscheduled;
- external studies;
- workplace learning;
- video/television-based learning; and
- online learning.

Temporary Residents

Persons holding a temporary visa of sub-class 309, 820, 826, or secondary holders of a temporary visa of sub-class 457 are to be treated as Australian residents for fee charging purposes and are also eligible for fee waivers and concessions.

Charges for participants transferring to other RTOs

Where a participant or a block of participants transfers to another RTO, the new RTO will have course and resource fees transferred in full, from McDonald's Australia RTO if the program of study has not commenced.

In all other circumstances, the new RTO may seek a pro rata transfer, based on elapsed time, of course and resource fees from McDonald's Australia RTO. Transfers of fees are to be managed between RTOs.

Proof of previous enrolment and fees paid must be provided by the participant and retained by McDonald's Australia RTO for audit purposes. Details of transfers must be retained by both RTOs for audit purposes.

Recognition of Prior Learning

Recognition of prior learning (RPL) involves the assessment of previously unrecognised skills and knowledge an individual has achieved outside the formal education and training system in respect of a specific unit. RPL is an assessment process that assesses the individual's non-formal and informal learning to determine the extent to which that individual has achieved these required learning outcomes or competency outcomes.

McDonald's Australia RTO publishes its fees for RPL services.

Credit Transfer

Participants are not charged for credit transfer. The transfer of credit provides the participant with an exemption from relevant units within a course. Credit transfer does not involve an assessment of the participant's knowledge or skills – it is an assessment of the credentials of the formal accredited learning presented against the destination course to determine the extent to which it is equivalent to the required learning outcomes, competency outcomes, or standards in a course.

Participants may be granted credit for the completion of formal accredited learning with a school, university or RTO.

Payment of fees & charges

Enrolment is not complete until McDonald's Australia RTO fees and charges are paid, deferred payment arrangements have been made or fees and charges have been waived.

Irrespective of payment option, details of all participant enrolments are retained for audit purposes.

Payment options

On enrolment, participants will take up one of the following payment options:

- pay the full amount of fees and charges;
- present a signed authority from an employer to invoice that employer for the participant's fees and charges;
- pay the fee by instalment; or
- make application on the grounds of severe financial hardship for fees and charges to be waived for courses below diploma level or concession eligible.

Participants who fail to take up one of the above options are not enrolled.

Apprentices and trainees are treated the same as other participants and are legally liable to pay fees.

Waiving of charges

McDonald's Australia RTO may waive all fees and charges for participants that they assess as being in severe financial hardship for courses below diploma level and concession-eligible Diploma and Advanced Diploma courses.

Whether a participant is in severe financial hardship is to be determined on a case by case basis by McDonald's Australia RTO. Existing worker trainees are not eligible for a fee waiver with the exception of enrolments in concession-eligible Diploma or Advanced Diploma courses.

McDonald's Australia RTO has in place this formal process for the waiving of fees and charges as outlined below. Details of a participant's enrolment, records where a fee waiver has been granted and documented reasons for the decision are retained for audit purposes.

Meeting the concession eligibility requirements entitles the individual to a fee concession but is not sufficient grounds for the granting of a fee waiver.

Advice of withdrawal

Participants are advised that written advice of withdrawal is necessary to ensure that they are eligible for refunds.

Full refunds

Participants who withdraw are entitled to a full refund of the applicable course fee, resource fee and other fees where:

- a unit is cancelled or re-scheduled to a time unsuitable to the participant; or
- a participant is not given a place due to maximum number of places being reached.

Part refunds

McDonald's Australia RTO sets a census/withdrawal date for each unit at no less than 20% of the way through the period during which that unit is undertaken.

Participants who withdraw and who lodge a withdrawal notification in writing before the census/withdrawal date for a unit are eligible for a full refund of the course fee for the unit; and

- a full refund of the resource fee if the course is a Diploma or Advanced Diploma course; or
- 50% of the resource fee if the course is below Diploma level.

McDonald's Australia RTO Accountable officers can approve a pro rata refund of fees and charges at any time during the course of delivery if students withdraw for reasons of personal circumstances beyond their control.

For example:

- Serious illness resulting in extended absence from classes,
- Injury or disability that prevents the student from completing their program of study, or
- Other exceptional reasons at the discretion of the accountable officer.

In all cases, relevant documentary evidence (for example, medical certificate) is required. Details of all refunds is retained for audit purposes, and the enrolment form annotated to show that a refund has been given.

Fee Concessions and Exemptions

Fee concessions and exemptions apply to a range of publicly funded vocational education and training course services provided by McDonald's Australia RTO across jurisdictions.

McDonald's Australia RTO collects, records and retains all evidence relating to fee transactions. Where a fee concession, waiver, exemption or refund is granted, McDonald's Australia RTO retains all supporting evidence relating to the decision for each participant.

McDonald's Australia RTO has a formal process in place to support the assessment of participant eligibility for waiving any remaining fees and charges, after concessions have been applied. McDonald's Australia RTO only permits a fee concession or exemption for a participant where evidence supporting the eligibility for concession or exemption is obtained from the participant prior to the finalisation of enrolment process.

Fee concession and exemption arrangements do vary depending on the jurisdiction and government support program available.

Australian Capital Territory

- The participant is a school student and is enrolled in a VETiS program (may include young people in detention); or

New South Wales Fee Free Traineeships

Trainee eligibility

NSW trainees, including school-based trainees, whose traineeship qualification is funded under Smart and Skilled and who commence subsidised training on or after 1 January 2020 are eligible. This includes:

1. Trainees who commence subsidised training for the first time on or after 1 January 2020.
2. Trainees whose traineeship is cancelled and subsequently recommence a traineeship in the same vocation with a different employer and recommence subsidised training on or after 1 January 2020.
3. Trainees whose traineeship is cancelled and subsequently commence a new traineeship in a new vocation with the same/different employer and commence in subsidised training on or after 1 January 2020.
4. A trainee who has completed a traineeship and is undertaking a subsequent traineeship and is commencing the subsidised training in the subsequent traineeship on or after 1 January 2020.

Trainees who fit eligibility category 2 and 3 above, and in some scenarios 4, must be awarded Credit Transfer and/or Recognition of Prior Learning (CT/RPL) where relevant. This must be reflected in the Notification of Enrolment through the Provider Calculator and reported in training activity data through eReporting.

Where this occurs, only the proportion of training that is commenced and undertaken after 1 January 2020 in the new traineeship qualification is fee free.

McDonald's Australia validates the trainee's eligibility with the employer and may also use any other information available to assist in assessing eligibility.

Specific trainee exclusions from eligibility

A NSW trainee who commenced subsidised training prior to 1 January 2020 and subsequently, on or after 1 January 2020 recommences their subsidised training:

- a) with the same provider, and is employed by the same employer and in the same vocation, or
- b) changes provider and remains party to a training contract with the same employer and in the same vocation,

is not eligible for fee free training. The trainee must be granted CT/RPL and be subject to reduced fees due to CT/RPL.

A participant who commenced subsidised training under a School Based Traineeship prior to 1 January 2020 and then transitions to a full apprenticeship on or after 1 January 2020 are not eligible for fee free training for their full apprenticeship.

Concession fees

Concession fees are discounted fees for disadvantaged participants. Concessions fees are a flat fee for the qualification level.

A participant who receives a specified Commonwealth Government welfare benefit or allowance is eligible for a concession fee for a qualification up to and including Certificate IV. A participant who is receiving a specified benefit or allowance at the time of enrolment is eligible for a concession.

These benefits and allowances include:

- Age Pension;

- Austudy;

Fee-Free Scholarships

Smart and Skilled Free-Free Scholarships are a category of “Fee Exemption”; meaning that Fee-Free Scholarship recipients are exempt from paying participant fees. To be eligible for a Smart and Skilled Fee-Free Scholarship, individuals must first meet the rules for the relevant program.

Smart and Skilled eligible participants undertaking a full qualification up to and including Certificate IV may be eligible for a Smart and Skilled Fee-Free Scholarship and are:

- Aged between 15 and 30 (inclusive) at the start date for training and eligible for a concession fee (i.e. a Commonwealth Government welfare recipient); or

There is a limit of 50,000 Smart and Skilled Fee-Free Scholarships per financial year. This limit does not apply to participants who meet the fee-free criteria who are living in social housing in NSW or on the NSW Housing Register (waiting list); or participants who meet the out-of-home care criteria for a fee-free scholarship.

Social Housing definition

For the purposes of the Smart and Skilled Fee-Free Scholarship scheme, “NSW Social Housing” includes tenants of:

- Public housing (owned and managed by the NSW Government or managed by a community housing provider);
- Community housing (owned and/or managed by community housing providers);

Out-of-Home Care definition

The term 'out-of-home care' refers to children or young people who are cared for by a person other than their parent, in a place that is not their usual home. Children and young people enter out-of-home care because they are in need of care and protection.

There are two main types of out-of-home care:

- Statutory care - where the Children's Court has made a Care Order placing the child or young person in the parental responsibility of the Minister for Family and Community Services
- Supported care - where the Secretary of Family and Community Services forms the opinion that the child or young person is in need of care and protection.

Children and young people in out-of-home care usually reside with relative/kinship carers, foster carers or in residential care services.

A participant who meets the out-of-home criteria who seeks a Smart and Skilled Fee-Free Scholarship will need to confirm by participant declaration/signature that they meet the eligibility criteria, and if requested provide supporting evidence.

Domestic and family violence definition

For the purposes of the Smart and Skilled Fee-Free Scholarship scheme, people who have experienced or are experiencing domestic and family violence or their dependants must have a letter of recommendation from a domestic and family violence service, refuge or other support agency.

A participant who meets the domestic and family violence criteria who seeks a Smart and Skilled Fee-Free Scholarship will need to confirm by participant declaration/signature that they meet the eligibility criteria and provide supporting evidence.

Exemptions – Fee Waivers

Severe Financial Hardship Definition

A person is considered to be in severe financial hardship only where they are unable to provide food, accommodation, clothing, medical treatment, or other basic necessities for themselves and/or their dependents.

Forms of entertainment or recreation are not basic necessities.

Financial Hardship Assessment

The assessment of whether an applicant qualifies for a fee waiver is to be made on the basis of their individual circumstances and those of any dependent family members.

Subject to the exceptional circumstances outlined below, a fee waiver cannot be given unless ALL of the following criteria are met.

Criteria for Severe Financial Hardship			
1	The participant's income must not exceed the Department of Human Services income thresholds for the low income health care card, as outlined below.		
	Status	Weekly income	Total Income in the 8 Week Period Prior to Applying
	Single, no children	\$797.00	\$6,376.00
	Couple combined, no children	\$1,362.00	\$10,896.00
	Single, one dependent child	\$1,362.00	\$10,896.00
	Couple combined, one child	\$1,396.00	\$11,168.00
	For each additional child, add	\$34.00	\$272.00
2	The participant does not have the disposable income to pay the fees via instalments without compromising their ability to meet their basic living needs or those of their dependents.		
3	There is no basis for concluding that the participant's financial circumstances are likely to change within a reasonable period (e.g. 12 months).		

Where these criteria are not met, instalment plans are appropriate and extended payment periods may also be considered.

Supporting Documentary Evidence

The participant must provide relevant supporting documentation to evidence their claim, including detailed evidence as to their financial circumstances. The nature of the evidence provided will depend on the individual circumstances of the participant.

Example evidence for assessing income includes pay slips and bank statements. Example evidence for assessing outgoings includes tenancy agreements and utility bills.

Exceptional Circumstances

Short term hardship or temporary financial difficulty that arises from a sudden change in circumstances does not generally qualify a person for fee waiver consideration. Only in exceptional circumstances can a fee waiver be considered.

An exceptional circumstance is when one of the following events occur, which compromises the participant's ability to meet their essential living needs or those of their dependents.

- The student or family member has a sudden or unexpected health issue or disability.
- Death of a significant wage earner in the family, where the student had a dependent relationship.
- Relationship breakdown or domestic violence.
- Significant events which are likely to last over the duration of the enrolment period and clearly impact on the student's capacity to provide themselves or dependents with basic necessities such as food, accommodation, clothing, medical treatment and other basic necessities.

Accountable Officers must make their own assessment on whether the student has adequately demonstrated that hardship exists and is likely to persist over the period of enrolment.

In other circumstances a payment plan should be considered.

Partial Fee Waivers

A partial waiver of all fees for enrolled units within an enrolment period is not permitted.

Time Limit

Fee waivers can only be granted for units commenced within the calendar year.

Approvals and Reporting

Approvals should be made by the appropriate accountable authority within each organisation and supporting documentary evidence must be retained by the provider for audit purposes.

All fee waivers granted by providers must be reported to the Department, failure to comply is a breach of the training providers delivery agreement or contract of service.

Evidence of Eligibility

Eligibility for a fee exemption or concession is assessed at enrolment and cannot be adjusted after enrolment. Eligibility evidence is retained on each participant's course file.

Where the evidence, provided by the participant, is a copy of the original, the copy must be an 'original copy' certified by a person who is on the list of approved witnesses who can verify documents. A list of approved witnesses is available at the Commonwealth Attorney General's Department website at:

www.ag.gov.au/Publications/Pages/Statutorydeclarationsignatorylist.aspx

Payment of Fees

Enrolment is not considered complete until statutory and RTO enrolment-based fees and charges are paid, deferred payment arrangements have been made, or fees and charges have been waived.

On enrolment, Students must take up one of the following payment options:

- Pay the full amount of fees and charges,
- Present a signed authority from an employer to invoice that employer for the student's fees and charges,
- Pay the fee by instalment, or
- Make application on the grounds of severe financial hardship for fees and charges to be waived for courses below diploma level.

Students who fail to take up one of the above options are not enrolled. Apprentices and trainees are treated the same as other students and are legally liable to pay fees.

Third Party Fee Arrangements

McDonald's Australia RTO third party representatives do not collect fees on behalf of McDonald's Australia RTO.

Payment Instalments

Students are given a minimum of eight weeks from the commencement of the unit to finalise payment when paying by instalment.

Where approval has been given for a student to pay by instalment, McDonald's Australia RTO is responsible for the collection of outstanding fees and charges. Fair and adequate recovery procedures are in place to manage the collection and recovery of monies.

Students who have fallen behind in their payments are not enrolled in additional units unless appropriate arrangements, agreed to by both the student and present a signed authority from an employer to invoice that employer for the student's fees and charges, have been put in place to pay the amount outstanding.

Recovery of Outstanding Participant Fees

McDonald's Australia RTO collects all fees to be paid by the student by the time they complete their subsidised training. McDonald's Australia RTO retains student fees that it collects.

McDonald's Australia RTO has a robust process for the recovery of outstanding fees from a student, involving:

- Multiple fee statement reminders progressively via email and phone contact,
- Suspension of enrolment due to non-payment of fees, and
- Lodgement of fees for collection in cases of extended non-payment.

The failure by a student to pay a fee owing is considered to be a breach of discipline and can lead to penalties being imposed on the student under Discipline arrangements.

One of the penalties that may be considered is the delay in release of results or testamur(s) as relevant to the student until all fees are recovered, depending on the contractual requirements in each jurisdiction. For significant student debts, formal debt collection actions may also be undertaken.

Fee Protection

McDonald's Australia RTO does not collect more than \$1,500 in prepaid fees (fees in advance) from participants at any time for any course service. As such, no further fee protection arrangements are required. The requirements that apply to prepaid fees include all fees that a participant is required to pay, including enrolment fees, tuition fees, materials fees and any other fee component that is a mandatory payment for the course.

McDonald's Australia RTO is required to protect prepaid fees from individual participants and prospective participants. These requirements do not apply for employers - for example, where an employer engages McDonald's Australia RTO to provide training and/or assessment to its personnel.

Payment of Fees

- Present a signed authority from an employer to invoice that employer for the participant's fees and charges;

Refunds Due to Non-Provision of Services

All fees levied are refunded in full if McDonald's Australia RTO is unable to commence the course service as agreed due to a lack of minimum participant numbers, a course or unit is cancelled or re-scheduled to a time unsuitable to the participant, a participant is not given a place due to maximum number of places being reached, where a participant withdraws from training not of their own accord, or any unforeseen circumstances.

A full refund of relevant unit tuition fees will be paid at any time during delivery if a class is cancelled because of declining participant numbers, no available training personnel, McDonald's Australia RTO is no longer approved to deliver government supported courses in the relevant jurisdiction, where McDonald's Australia RTO closes or due to other circumstances caused by McDonald's Australia RTO.

Where there is an instance of McDonald's Australia RTO default due to unforeseen circumstances, McDonald's Australia RTO will endeavour to arrange for another course, or part of a course, to be provided to participants at no (extra) cost to the participant as an alternative to a refund. Where the participant agrees to this arrangement, McDonald's Australia RTO will not refund fees paid.

Refunds Due to Request / Hardship Application

Participants may have extenuating circumstances that prevent them from attending scheduled course dates that may include but are not limited to illness, family or personal matters, or other reasons that are out of the ordinary.

Where delivery has commenced, course fees have been paid and an employer or participant believes a special circumstance refund is warranted, the client may apply for a refund by writing to the National Administration Manager via email at:

McDonald's Australia RTO generally approves a pro rata refund of fees and charges at any time during the course of delivery if participants withdraw for reasons of personal circumstances beyond their control, such as

- Serious illness resulting in extended absence from course activities;
- Injury or disability that prevents the participant from completing their course; or
- Other exceptional reasons at the discretion of McDonald's Australia RTO.

In all cases, relevant documentary evidence (for example, medical certificate) is required. Details of all refunds are retained for audit purposes.

This decision of assessing the extenuating circumstances rests with the Head of RTO and shall be assessed on a case by case situation.

All refund applications are assessed and processed within fourteen (14) days of the application being placed. The applicant will be advised in writing of the outcome of their application, including reasons for refusing a refund in cases where this occurs.

McDonald's Australia RTO does not provide a refund in cases where a participant has withdrawn from a qualification but has completed all the requirements for a lower level qualification, which attracted a lower participant fee.

All clients have the right to appeal a refund decision made by McDonald's Australia RTO. Please refer to the Complaints section for further information.

Third Party Refunds

If course services fees have been paid to McDonald's Australia RTO by a third party, any refunds payable will be remitted to that third party.
